| Credits Articulated for LPN courses+ TOTAL | | | 11 | |
| | 72 | | | |

- *A & P courses must be no older than 5 years of admission to the nursing program
- See sure to take a Humanities course that incorporates the Oral Communication component, which satisfies the program's "Speaking-Across-the-Curriculum" requirement. If you don't have this, you can take a speech course instead. If you have a previous bachelor's degree, you're covered!
- +Once you have successfully completed "Spring Semester" coursework, your LPN coursework will be articulated into your NWFSC official transcript, and you will receive a "P" grade for 11 credits of nursing courses.
- Once you are admitted to the ASN program, your financial aid will ONLY cover courses that are in the ASN program of study. Therefore, PLAN
 AHEAD and leave enough credits available to take WITH your nursing courses to ensure you have full-time credits each semester if needed.
