TOTAL HOURS			72

†Must incorporate the Oral Communication component, which satisfies the program's "Speaking-Across-the-Curriculum" requirement

- ×*A & P courses must be no older than 5 years of admission to the nursing program.
- ∞Be sure to take a Humanities course that incorporates the Oral Communication component, which satisfies the program's "Speaking-Across-the-Curriculum" requirement. If you don't have this, you can take a speech course instead. If you have a previous bachelor's degree you have met this requirement.
- **Once you are admitted to the ASN program, your financial aid will ONLY cover courses that are in the ASN program of study. Therefore, PLAN AHEAD and leave enough credits available to take WITH your nursing courses to ensure you have full-time credits each semester if needed.**
