Changing Careers

Are you “burned out” in your present job or perhaps you just don’t seem to get that job satisfaction anymore. Is something telling you *now* might be the right time to make a job or career change? You are not alone. Millions of people are in the same boat – thinking about a career or job change. Many are even forced into it because of hard economic times.

The Career Resource Center will offer a free seminar designed to help the “career changer” move on. Where do you start? What are some high demand career fields? Do you need to go back to school? These and many other questions will be answered. Dates and times TBA. Call the CRC for more information.
