Bachelor's Degree

Northwest Florida State College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate and associate degrees, certificates and diplomas. Northwest Florida State College offers baccalaureate degrees in Project Management, Nursing, Elementary Education, Middle Grades Mathematics Education and Middle Grades Science Education. Admission to these programs is open to all qualified applicants. The RN to BSN program is a career ladder for currently licensed Registered Nurses. See www.nwfsc.edu/bachelor for more information.

Associate of Arts

The Associate of Arts (A.A.) Degree provides full transfer of credit for those students who wish to pursue a bachelor's degree. Classes are the same as the freshman and sophomore classes at state universities, but cost students about half as much. Plus, graduates who transfer to Florida's university system earn among the highest grade point averages in the state. NWF State College's small classes, quality faculty and personal attention prepare you for success in any degree program you wish to pursue.

Associate of Science and Associate of Applied Science

National studies indicate that eight of every ten jobs will require training beyond high school, but not necessarily a four year degree. Train for one of the top demand career fields of today and tomorrow at NWF State College. See www.nwfsc.edu/careerprograms or call (850) 729-6922.

Certificates

Northwest Florida State College offers a number of short-term certificate programs designed to prepare students for immediate job entry in selected professional, technical and occupational skills areas. College credit certificates may be applied toward the Associate of Science or the Associate of Applied Science degree. Vocational credit certificates are distinct from college credits and most contain an internship option through which students may gain on-the-job experience as they study.
