

## COMMON A.A. TO STATE UNIVERSITY SYSTEM (SUS) TRANSFER PROGRAMS

Through the Associate of Arts (A.A.) degree, OWCC offers preparation for the nearly 200 Florida State University System (SUS) majors listed on pages 66 - 68, and an individual A.A. transfer program plan can be written for you for each of these majors. The following pre-majors represent some of the most common transfer programs for OWCC students receiving an A.A. degree: Business, Computer Science, Criminal Justice, Elementary Education, Engineering, Health Sciences (i.e. Physical Therapy) and Pharmacy. In addition, the college has an articulation agreement with the Florida A & M University (FAMU) School of Architecture. To assist students, the common prerequisites for these programs have been provided.

It is highly recommended that, in addition to following the common prerequisites listed for each program, students should consult the current catalog from the upper-division university they plan on attending. Some SUS programs have restricted access or are considered a limited access program. Students are responsible for completing the specific requirements of the institution to which they will transfer, as completion of the common prerequisites does not guarantee admission to an upper-division program. In general, restricted access means there are admission requirements in addition to the A.A. degree, and, if those requirements are met, the student will qualify for admission to the program. The additional requirements might include the completion of certain courses, a separate application, an early application date, a minimum grade point average, minimum test scores, auditions and/or portfolios. It is the student's responsibility to learn if a particular major is designated limited access or restricted access at the specific upper-division university to which the student wants to transfer.

**NOTE: Consulting with an OWCC Advisor in the development of your educational plan will minimize problems and greatly enhance the transfer process.**

*Associate of Arts Degree with a Pre-Major in*

### **Business**

**(Minimum 60 college credits)**

**Program Goal: To enable students to earn an Associate of Arts degree that could qualify them for entrance to the upper-division university program in Accounting, Finance, Management, Hospitality Management, Real Estate, Marketing, Business Economics and Management Information Systems.**

Please consult the Course Description section of the catalog for description and prerequisites of all courses taken to satisfy the requirements of this program; and the Graduation Requirements section of this catalog for additional graduation requirements.

#### **GENERAL EDUCATION**

Undesignated GE courses are to be selected from the General Education Requirements listed on pages 64 - 65 for the A.A. degree.

♦ **OWCC/UWF A.A. to B.A.  
Interdisciplinary Studies  
University of West Florida  
Bachelor of Arts Degree**

**Interdisciplinary Studies: Arts and Humanities**

The Interdisciplinary Studies Program: Arts and Humanities (IA-IH) is a joint effort between the University of West Florida and Okaloosa-Walton Community College. The program may be fully completed at the OWCC Arts Center and leads to a Bachelor's degree in Interdisciplinary Arts/Humanities.

This program provides an interdisciplinary and collaborative perspective on the fine and performing arts/humanities emphasizing aspects that unify the arts in culture and society. It is designed for students who would like to gain a well-rounded insight into humanities and the arts. This approach prepares students for a wide and diverse range of career opportunities.

**Program of Study Contract**

Students complete the IA-IH major by developing an individual program of study tailored to particular interests and areas of emphasis. Developed and completed in consultation with the Interdisciplinary Arts and Humanities Director, a Program of Study Contract (PSC) represents a complete, coherent program of study consistent with the goals of the individual student. Contracts

should include courses outlined in the IA-IH core requirements, IA-IH core electives and sufficient IA-IH electives to provide for grounding in two or more of the Fine and Performing Arts area. Contracts should be developed no later than the first term of study but may be altered by mutual consent at any time afterwards. The student and the IA-IH Director will periodically review contracts.

**Artistic Ability**

Students are expected to have the artistic ability necessary for upper level study in the chosen areas of specialization. As students may enter the program with varied backgrounds, the IA Program Director may identify deficiencies upon the student's entrance into the program. These deficiencies upon the student's entrance into the program may be resolved through private study, additional courses, etc.

**Consult UWF's catalog for specific requirements. For more information call 729-4933.**

*Students may concentrate in a variety of areas in the A.A. to B.A. program including Dance.*

## ASSOCIATE OF SCIENCE (A.S.) DEGREE AND ASSOCIATE OF APPLIED SCIENCE (A.A.S.) DEGREE

The Associate of Science (A.S.) and Associate of Applied Science (A.A.S.) Degrees are designed to prepare students for employment in a technical or semi-professional capacity. Both the A.S. and A.A.S. Degrees are two-year programs containing a general education component of at least 18 general education courses in five subject area categories and at least 42 college credits in a specific technical or professional skill area. Although neither program is generally intended for transfer, many students elect to pursue upper division studies after completing the A.S. or A.A.S. Degree. To that end, the general education requirements for the A.S. Degree are restricted to transferable credits which also satisfy Gordon Rule standards and minimum grade requirements for the Florida State University System. General education courses for the A.A.S. Degree are broader and more flexible.

### ♦ A.S. & A.A.S. Degrees Offered at OWCC

Okaloosa-Walton Community College offers nineteen separate A.S. and A.A.S. programs, several of which contain specialization options.

#### **Associate of Applied Science Degrees**

- Architectural Design and Construction Technology
  - Architectural Design Option
  - Building Construction Option
- Business Administration and Management
  - Business Administration Option
  - E-Commerce/Digital Enterprise\*

  - Acting Option
  - Dance Option
  - Musical Theater Option
  - Technical Production Option

#### **Associate of Science Degrees**

- Accounting Technology
- Computer Information Technology
- Computer Programming and Analysis
- Nursing (RN)
- Recreation Technology

### ♦ Companion Certificate Programs

Many of the technical certificate programs offered by OWCC provide the initial step in meeting selected course requirements for an A.S. or an A.A.S. degree in a related area. Courses from those certificates are the same as or equivalent to comparable courses in the companion degree program. Likewise, courses used in the degree program may be applied to a certificate in a related area; in many cases, completion of the technical courses in the degree program can automatically qualify the student to receive the companion certificate or A.T.D. Students should work closely with an advisor to plan their studies in order to take advantage of both curricular options.

\* At catalog press time, a number of A.A.S. degree options were under development by OWCC. Students interested in pursuing one of these options should contact the Office of the Vice President for Instruction or the Office of Enrollment Services to check on the status of these programs.

♦ ***A.S. & A.A.S. Degree Program Requirements***

A.S. degree students must satisfy the following requirements.

1. Complete the A.S. or A.A.S. general education courses as appropriate to the program of study, including Speaking-Across-the-Curriculum and computer literacy requirements. (Note: A.S. Degree seekers must also meet Gordon Rule course and minimum grade requirements.)
2. Complete the technical core courses and technical elective courses specified in the degree program.
3. Complete at least fifteen credits of the program at OWCC.
4. Maintain minimum GPA standards as specified in the graduation requirements section of this catalog.
5. Satisfy all other program and college graduation requirements.

**Note:** A.S. students who intend to transfer to an upper-division institution in the Florida system must also satisfy College Level Academic Skills Test (CLAST) requirements.

♦ ***Customizing an A.S. or A.A.S. Degree Program to Meet a Specific Career Goal***

In order to provide a student with the strongest technical background feasible, some technical courses within a given degree program may be adjusted to meet the student's targeted career goal. In these special cases, course substitutions may be approved upon request of the appropriate department chair to the Vice President for Instruction.

*A new Learning Resources Center is taking shape on the Niceville campus. The new 55,000 square foot library currently under construction is scheduled to be completed by January 2003.*

## A.S. and A.A.S. DEGREE GENERAL EDUCATION REQUIREMENTS

All A.S. and A.A.S. degree programs at OWCC require a minimum of eighteen (18) college credits in general education. Unless otherwise specified in the program requirements, students must complete one course from each of the following categories to meet general education requirements. A.S. degree-seeking students must also meet Gordon Rule course and minimum grade requirements. **A.S. and A.A.S. degree seekers must also satisfy the general education oral communication and computer literacy requirements described on page 59.**
