

College-Level Examination Program (CLEP) Credits

The College-Level Examination Program, unlike Advanced Placement, is not built around a curriculum, but rather is designed to test students' knowledge on a variety of college-level subjects, regardless of where they may have learned the material. CLEP exams are developed by committees of college faculty who design questions based on what is typically covered in lower-level college courses and who set passing standards for the exams (scores are no longer based on studies of student performance in college courses). With the new computer-based tests, new questions are constantly being added, especially in rapidly-changing fields such as Computer Science. The typical passing score on computer-based CLEP exams for general education purposes is 50. More information about CLEP, including recent test information guides, can be found at www.collegeboard.com/clep.

Northwest Florida State College will award credits for qualifying College-Level Examination Program (CLEP) examination scores per **FAC 6A-10.024** guidelines and the **Articulation Coordinating Committee (ACC) Credit-By-Exam Equivalents**, adopted May 18, 2010 as follows:

1. Since a grade of "P" for passing will be assigned, no grade points will be assigned for credits awarded through the CLEP Program.
2. Determination of the specific college courses or subject areas for which credits are awarded will be determined by the College Registrar, guided by the equivalency matrix below, upon receipt of official CLEP examination results.
3. If the course is not offered by NWFSC, the State assigned equivalency will appear on the transcript (External Credit) along with the NWFSC equivalency (Internal Credit).

NOTICE TO STUDENTS: Equivalencies listed are subject to ACC revisions. Northwest Florida State College reserves the right to change any equivalency as specified by State of Florida Administrative Code revisions. Check with the Office of Enrollment Services to receive any updated information.

Minimum required passing score for all exams is 50
