OKALOOSA-WALTON COLLEGE

RESIDENCE CLASSIFICATION

Read this important information – Your tuition assessment depends on it!

This information summarizes Okaloosa-Walton College's procedure for verification of Florida residency for tuition purposes in compliance with the provisions of Florida Statute 1009.21 and State Board of Education Rule 6A.10.044. The requirements are established at the state level. Okaloosa-Walton College will abide by the laws of the state and the regulations established by the Board of Education. Any questions about classification should be directed to the Office of Enrollment Services at (850) 729-4901. Please note: *The staff should not be expected to debate the fairness or equity of the Florida Statutes or State Board Rules but rather assist the student (and their parents, if applicable) in interpreting the statute and rule.*

A Florida resident for tuition purposes is a person who has, (or a dependent person whose parent or legal guardian has) established and maintained legal residence in Florida for the 12 months immediately preceding the first day of classes of the term for which enrollment is requested. Residence in Florida must be for the purpose of establishing a permanent home and not merely incident to enrollment at an institution of higher education. Other persons not meeting the 12 month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature [Florida Statute S.1009.21(11)]. To qualify as a Florida resident for tuition purposes you must be a U.S. citizen, lawful permanent resident, or certain individuals granted indefinite stay by the U.S. Citizenship and Immigration Service. Living in or attending school in Florida does **NOT** establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents unless one parent has established legal residence in Florida for more than 12 months. Documents supporting the establishment of legal residence must be dated, issued, or filed 12 months before the first day of classes of the term for which FL residency is sought. (See reverse side for eligible documentation.)

NON-FLORIDA RESIDENTS ONLY

I understand that I do not qualify as a Florida resident for tuition purposes for the term which this application is submitted and that if I should qualify for a future term, it will be necessary for me to provide the required documentation prior to the beginning of the term in order to be considered for Florida residency classification.

Print Name	Signature in ink	Today's Date	Date moved to Florida	Prior State of Residence
------------	------------------	--------------	-----------------------	--------------------------

Two issues exist when determining residency for tuition assessment (1) Determination of dependent/independent status and (2) Establishment of legal Florida residency.

1. DEPENDENT VS. INDEPENDENT STATUS – The determination of dependent or independent status is the basis for whether the student has to submit his/her own documentation of residency (as an independent) or his/her parent's/guardian's documentation of residency (as a dependent). The following definitions are provided in rule:

DEFINITIONS **DEPENDENT:** A person under 24 years of age claimed as a dependent on another person's tax return and who received 50 percent or more of his/her support from another person

INDEPENDENT: A person 24 years or older who provides more than 50 percent of his/her support.

INDEPENDENT STUDENT – A student who meets any one of the following criteria shall be classified as an independent student for the determination of residency for tuition purposes **provided they have income totaling 50% of the cost of attendance for an independent, in-state student as defined by the Financial Aid Office.** If you are applying as an independent student, place a check mark beside item you are basing independency on.

- The student is 24 years of age or older **by the first day of classes of the term** for which residency status is sought at a Florida institution
- The student is married. (Attach copy of marriage certificate)
- The student has children who receive more than half of their support from the student. (Attach copy of birth certificate)
- The student has other dependents that live with and receive more than half of their support from the student. (Attach copy of tax return)
- The student is a veteran of the U.S. Armed Forces or is currently serving on active duty in the U.S. Armed Forces for purposes other than training. (Attach copy of military orders or DD214)
- Both of the student's parents are deceased or the student is or was (until age 18) a ward/dependent of the court. (Attach documentation)
- The student is classified as an independent by the financial aid office at the institution.
- The student is under 24 years of age but can provide documentation substantiating that he/she provides 50% or more of the cost of attendance for independent, in-state students as defined by the financial aid office (exclusive of federal, state, and institutional aid or scholarships). **Student will be required to submit most recent year's tax return and may be required to fill out a "Request for In-State Tuition Consideration" form.**

DEPENDENT STUDENT – All other students who do not meet the above definition of an independent student shall be classified as dependent students for the determination of residency for tuition purposes.

2. ESTABLISHMENT OF LEGAL FLORIDA RESIDENCY -- PHYSICAL PRESENCE VERSUS FLORIDA RESIDENCE FOR TUITION PURPOSES

Living or attending school in the State of Florida is not tantamount to establishing a legal residence for tuition purposes. In this regard, substantial documentation must be provided to support permanent residency over and above mere physical presence to attend school. Such documentation must reflect and support a claim to maintaining twelve continuous months of residency in Florida prior to the first day of classes for the term of enrollment.

DOCUMENTARY EVIDENCE

To be in compliance with Florida Law and State Board of Education Rule, two forms of documentation dated or issued at least 12 months prior to the first day of classes for the term in which residency is requested is REQUIRED. Possession of a legal tie to any other state (i.e. driver's license, vehicle registration, voter registration) negates the ability to be classified as a Florida resident for tuition purposes. (See reverse side)

NON-CITIZENS

Non-immigrants with the following visa types shall be considered eligible to establish residency for tuition purposes. Eligibility criteria as provided on the reverse side must be met. Visa Types: A, E, G, H-1, H-4 (if spouse or child of H-1), I, K, L, N, O-1, O-3 (if spouse or child of O-1), R, NATO-1-7, T, and V. Certain other non-citizens who fall within certain categories shall also be considered eligible to establish residency for tuition purposes. Please contact the OWC Enrollment Services Office for further clarification."

ADMISSION INFORMATION

Bachelor of Applied Science in Project & Acquisitions Management

ADMISSION TO THIS PROGRAM IS OPEN TO ALL INDIVIDUALS WHO MEET THE FOLLOWING REQUIREMENTS:

1. Completion of an Associate of Science (AS) or an Associate of Applied Science (AAS) degree (with a minimum of 60 credit hours) in a professional/technical field. With the approval of the Program Advisor, students with the Associate in Arts (AA) degree may be admitted to the program. If general education credits for the AA degree have been completed, the student may be asked to complete additional credits in a professional area (e.g. accounting, computer science, general business, etc.) in lieu of the additional general education required of the AS/AAS student.
2. Completion of a minimum of 15 credit hours of transferable general education credits.
3. Completion of the standard Florida foreign language upper division admission requirement.
(If, at the time of admission, the student has not completed two years of the same foreign language in high school or eight credits in college, the student will need to complete eight credits of foreign language before completing the program.)
4. Completion of Florida CLAST requirements.
(If, at the time of admission, the student has not completed CLAST requirements, the student will need to meet this criterion by the completion of 36 upper division credit hours at OWC, or enrollment in future credits may be restricted.)

STEPS TO APPLY FOR ADMISSION:

- Complete an OWC Admission & Residency Form and meet all requirements for admission to the College as a degree-seeking student.
- Complete an OWC Baccalaureate Supplemental Application Form and meet all requirements for admission to the BAS Program.
- Submit official high school and college transcripts from all previously attended colleges and universities to include official score reports from CLEP, DANTES, AP, and IB.
- Complete a Baccalaureate Orientation/Advising Session.
