PURPOSE OF POLICY

The purpose of this policy is to empower the NWFSC Campus Police Department to maintain a comprehensive set of law enforcement policies and procedures. Such documentation is needed to ensure that officers in the department have appropriate departmental standard operating procedures that guide their behavior and actions as officers.

LOCAL LANGUAGE

The NWFSC Campus Police Department will maintain a comprehensive set of law enforcement policies and procedures that are readily available to officers of the department. These policies and procedures are to be used by officers to ensure that their actions and behaviors are within the law, their training, and the policies and procedures of the department.

This documentation of policies and procedures shall be maintained to a minimum standard set forth by standards and practices of current law enforcement agencies. Every effort will be made to maintain this material to national law enforcement accreditation standards.

Changes, additions, and deletions to the departmental policies and procedures shall be approved by the Chief of the NWFSC Campus Police Department and by the President of the College or his designee. Such changes, additions, and deletions shall be for the purpose of clarification of a policy or procedure, to reflect changes in law, court rulings, and/or national or state law enforcement official's expectation of law enforcement behavior, or to improve the College's internal control processes as they relate to the operation of a professional and effective law enforcement department.
