Course Policies

- **I will not grant any student requests for an extra grade increase beyond what the student has earned in the course.** There will be no eleventh hour opportunities to earn extra credit. Any opportunities to earn credit in the course will be equally available to all students.
- **No late work will be accepted without both 1) a valid excuse and 2) proactive communication.** Proactive communication requires students reach out to me 24 hours before the assignment is due to let me know why they cannot complete the assignment before the specified deadline and request an extension. If 24 hours' notice is infeasible (e.g. in a genuine emergency situation), you must let me know as soon as possible and *before the deadline passes*. All assignments will disappear from Canvas at the deadline and I will not reopen them unless both requirements to make up late work (valid excuse and proactive communication) are met.
- **All emails must contain the CRN of the course in which you are enrolled in the body.** This enables me to find your records and update them quickly since I teach many sections of this course.
- It is students' responsibility to maintain awareness of all major aspects of the course, such as policies, procedures, assignments, and due dates.
- Students are responsible for ensuring that the correct, uncorrupted file version of assignments are uploaded by the stated due date.
- Technical error claims as excuses for late submissions must include: (1) a screenshot of the error message, (2) the assignment emailed as an attachment as soon as possible if the issue is with Canvas, and (3) the document's date last edited must show as prior to the deadline passing.

Students need to be proactive about determining whether they need accommodations. I will not adjust grades previously earned before documentation that a student will require accommodations.

This course's schedule, requirements, and procedures are subject to change in the event of unusual or extraordinary circumstances. If the College closes for inclement weather or another emergency, any exams, presentations, or assignments previously scheduled during the closure period will automatically be rescheduled for the first regular class meeting held once the college reopens. If changes to graded activities are required, students will not be penalized due to the adjustments but will be responsible for meeting revised deadlines and course requirements.

ACADEMIC INTEGRITY TOOLS

This course supervises exams through an online proctoring tool that will monitor you while completing course assessments. Northwest Florida State College authorizes the use of approved online proctoring solutions, such as Respondus, to promote academic integrity. These solutions have been approved by NWFSC Academic Affairs and NWFSC IT to be used in course assessments. The Respondus solution may monitor assessments by a variety of means, such as but not limited to, viewing and recording through your computer's webcam, monitoring for noise in the room through your computer's microphone and speaker system, monitoring for other internet usage while taking the assessment, and recording keystroke and visual images. The College has authorized these approved online proctoring providers to perform this service for the purpose of maintaining academic integrity. Information gathered through the proctoring solution is used by the College to ensure academic integrity in testing and may result in a complaint against you under the Academic Integrity Policy or Student Code of Conduct, should the College have reason to believe either policy has been violated. By registering for this course and maintaining your enrollment and not dropping the course prior to the add/drop deadline, you freely and voluntarily consent to the online proctoring requirement in this course.
