

Associate in Science in Nursing Program and Student Outcomes

Program Outcomes:

Pass rates on the NCLEX-RN for Northwest Florida State College nursing graduates will be at least 80% for all first-time test-takers during the same 12-month period.

January 1 – December 1	National Average	State of Florida Average	NWFSC	Outcome
2022	77.91%	63.88%	82.89%	Met
2021	78.78%	64.79%	81.82%	Met
2020	82.8%	68.92%	89.66%	Met

At least 80% of students admitted to the Associate Degree Nursing program will complete the program of study within 100% (4 semesters) of the program length (as measured by the time the student begins the first nursing course).

Academic Year	NWFSC	Outcome
2022-2023	92.6%	Met
2021-2022	91.1%	Met
2020-2021	95%	Met

Of those graduates pursuing employment in the field, at least 80% will be gainfully employed within 6 months of graduation.

Currently, 100% of students seeking employment will be employed

Student Learning Outcomes:

Upon successfully completing the AS in Nursing Program, our graduates will have the following knowledge, skills, and abilities:

1. Create safe and effective patient care plans guided by the nursing process, clinical reasoning, and evidence-based practice.
2. Integrate evidence-based practice when planning care for increasingly complex clients.
3. Provide safe and quality care by implementing standardized practices, and safety-enhanced technology.
4. Engage in professional and therapeutic communication verbally, nonverbally, in writing, or through information technology.
5. Collaborate with the interdisciplinary team to provide client-centered interventions that address patients' preferences and culturally sensitive nursing care.
6. Demonstrate professional, legal, and ethical accountability within the scope and standards of nursing practice.
