Extended Care AM

Parents may drop students off beginning 7:30 a.m. for supervised time before classes start. There is no morning extended care on Mondays.

Lunch

For full-day students only. Students may bring sack lunches or register for the lunch plan. Registering for this plan will provide students with a daily complete lunch.

Extended Care PM

After the last class of the day, students will meet in Raider Central for supervised activities. Students enrolled in extended care PM must be picked up no later than 5:00 p.m. There is no afternoon extended care on Fridays

ACADEMICS

3D Printing

For 6th-8th grades. What the mind can imagine, a 3D Printer can make! Digital creations come to life as the layers are laid down. Visualize and create the design using the 3D modeling CAD program, and bring your design to life with the 3D printer.

American Sign Language

This class is a terrific way for kids to learn American Sign Language (ASL) and have fun doing it! Our class is dedicated to teaching sign language to students with or without previous experience. Students will learn ABCs, numbers and basic signs in ASL. This course is primarily designed for hearing youth who want to learn American Sign Language.

DIY Electronics

For 6th-8th grades. In this class, students will learn about basic electronics and get an introduction to circuit theory principles. This hands-on learning experience will help students understand circuit components and flow of electricity. At the end of the course, students will build a small powered project that they get to take home. Students will need to bring an empty toilet paper roll.

Freshwater Frenzy

Mornings only. Join the Choctawhatchee Basin Alliance as we take a dive into our local waters! If you like learning about frogs, bogs water, and fish – this is the class for you! Together, we will be learning about all of the life that can be found in and around freshwater. We will conduct frog skin experiments, look at live animals in a touch tank, dissect carnivorous plants, and learn about our watershed. Join us to explore the awesome waters of Florida!

ACADEMICS

Gross Adaptations

For 3rd-6th grades. Would you like to live in a house made of mucus? That is what an African Bullfrog creates for the dry season as its “home”. In this class, students will learn about different organisms with unusual adaptations that help them survive. Students will get to research an organism, and build a model of the organism with its adaptation and the habitat it calls home. Students must bring a shoebox or small to medium cardboard box.

Intro to Robotics

For 4th-5th grades. Learning computer programming with robots is fun and easy! Come learn to program a LEGO® SPIKE Prime robot that uses sensors and motors to pick up objects, follow lines, and stop before crashing into a wall. Perfect for students thinking about joining a *FIRST*® LEGO® League Robotics team!

Mad Scientist

Explore the world of science in this fun and innovative class, Mad Scientist. Learn academic concepts like density, buoyancy, and mixtures while creating and completing experiments. Come learn about the wonderful world of science in Mad Scientist!

Japanese Conversation

Do you like Japanese Anime or Manga? Do you want to learn the Japanese language to communicate with Japanese people? If you do, this class is for you! Come learn Japanese greetings, basic conversation skills, useful phrases, expressions, and more. Learn to write your name in Japanese letters.

World of Welding

For 8th grades. Learn to fuse, cut, bend, and shape metal. This class is an introduction to welding and is taught by a technical pro. Demonstration and guidance will be given on the safe and effective operation of welding equipment as students create a small welded sculpture or project. Please wear long pants and closed-toe shoes for this class.

ART

Beginning Drawing Techniques

Mornings only. Designed with beginners in mind, this drawing course is suitable for all ages. The beginning steps start with shapes and lines that then will turn into a recognizable outcome. Young artists may then apply the knowledge they gain through each lesson to create unique masterpieces of their own.

ART

Cookie Decorating

Afternoons only. Decorating cookies is all about having the right tools and great tutorials. This class is fun-filled, hands-on guaranteed to sprinkle some cuteness into the summer days. Students will bring home all their goodies to share with family and friends. Make life sweeter, one cookie at a time!

Cool Crafts

Afternoons only. This crafty class will offer students the opportunities to make some cool crafts for themselves or gifts for others to cherish. We will make some eye-catching wreaths, glowing mason jars, picture frames, and much more. This class will be using some supervised hot glue, glitter and paints. The students are welcome to wear old large t-shirts over their clothes to help protect themselves.

Gift from the Gulf

This class will transform any beach lover into a marine artist. Ocean artisans will create various 2D and 3D projects using multiple art mediums including watercolors, plaster, chalk, foam, acrylics, and paper. The sun, sand, saltwater, shells, and sea life of our local waters will inspire these unique creations. Activities are different each week. New project options for returning students.

DANCE, MUSIC & THEATRE

Guitar

Afternoons only. Here is a great way to get started to pluck your way into the music world. Students will start with chords and work their way up to a wonderful performance on the last day of class. Student must bring their own guitar. Label your guitar with your name. No electric guitar, please.

Hip Hop Hooray

No dance experience is needed. Learn basic routines that will get you jump-started in learning how to move and groove. Join this class to learn the latest hip-hop dance. Make sure to wear comfortable clothes and dance shoes or socks. Let's get movin'!

Theater Arts

Immerse yourself in the fun, unpredictable, and high-energy workshop. This class is designed to expose students to memorable experiences in theater arts through scripted scenes, improvisation, and theater games.

COURSE DESCRIPTIONS

SPORTS & FITNESS

Martial Arts Mania

Be more confident with self-defense strategies. Learn how to build self-esteem. Develop focus and power through board breaking! Gain speed and coordination with nunchucks! Come train and have fun in Martial Arts Mania! We teach the life skills you want for your children. Respect, confidence, self-control, discipline and to have a “YES I CAN” attitude!

Open the Body and Mind

This class helps children develop healthy bodies, shining hearts, and a calm focused mind. Class includes heaps of playful movement, balance, inversions, and activities set to upbeat music. Bring a yoga mat or a big beach towel for this high-energy class.

Tennis

Mornings only. In this class, students learn the basic concepts of the game. No prior tennis experience is needed. Students must provide their own tennis racket. Tennis rackets must be labeled with the student’s name.

SUMMER 2022 SAFETY PROTOCOL

Know when to stay home

Kids on Campus staff, volunteers, students, and students' family members who are sick and are experiencing symptoms or tested positive with COVID-19 need to stay home. Students can return to attend camp 5 days after the first onset of symptoms or a positive test and after 24 hours without a fever.
