

TEXTBOOK GUIDE FOR DUAL ENROLLMENT STUDENTS

Dual Enrollment Students do not pay for REQUIRED textbooks for classes at NWFSC. However, it is the student's responsibility after they have a confirmed schedule to go to the Barnes and Noble Bookstore on the Niceville Campus to receive books. Information regarding textbooks can be found in the Course Syllabus.

The following is information to help students understand the various book formats. Classes may have a physical book, a digital book that requires an access code, a book that is emailed, otherwise known as instant access book and finally, some classes only have a recommended book. Per the Articulation Agreements with the school districts and private schools, recommended books are not covered under Dual Enrollment.

In addition to the student using the syllabus to identify books for each class, students may also access their RaiderNet Profile, view their current schedule and use the class information to search for books on the [Barnes and Noble website](#). Click Course Materials and Textbooks, then Find Course Material. Enter Course information into each section of the form.

Select your course(s)

Term	Department	Course #	Section
